CHAMBER OF COMMERCE

ISSUES RESOLUTION REGRETTING RESIGNATION OF SECRETARY GRIMSLEY AND COMMENDS HIS EXCELLENT WORK DONE IN MAYSVILLE.

Mr. Grimsley Submits Report of Work Accomplished by Chamber of Commerce While Under His Administration—His Report a Most Splendid Record of Things Accomplished.

BE IT RESOLVED by the Board of Directors of the Maysville Chamber of Commerce that we accept with regret the resignation of our Secretary, Mr. Harry C. Grimsley, in order that he may serve his country in the present great crisis as an officer in the Indiana National Guards. RESOLVED that, while his services with this organization have been characterized by such a degree of industry, intelligence, fidelity and ability as will make it difficult to secure a man as well fitted for the responsible position and, while we regretfully comply with his request for a release from his present position, we express in this manner the high esteem in which he was held by the officers of this organization and the business men in Maysville in general. We commend him as an earnest, conscientious and capable manager, well qualified for his position.

BE IT RESOLVED that a copy of these resolutions be spread on record of the minutes of the Chamber of Commerce and that copies be furnished Mr. Grimsley and the members of the local newspaper staffs. (Signed)

JAMES PURDON, Chairman.

Committee.
August 3rd, 1917.

To The Directors,
Maysville Chamber of Commerce,
Gentlemen:

At this time, when my resignation goes into effect, I wish to submit herewith a report of the work accomplished by your organization during my administration as Secretary-Manager, a period of six months. Attached to this is the report of receipts and disbursements approved by your Auditing Committee.

Succeeding Mr. Boone, I took charge of the Chamber of Commerce on January 25th, and the first project coming to the attention of the organization was the Chesapeake and Ohio Railway passenger station. We held a large banquet to which were invited the members of the Chamber of Commerce and the C. & O. officials and the City officials. Complimentary tickets were issued to the members of the City Council in order to insure their attendance.

We secured the presence of eight officials of the railway company, including the President and General Manager. At this meeting the spirit of friendship between the railway company and the city was greatly improved, an understanding was reached and the promise of new passenger and baggage stations was secured, provided the north end of Lower street was closed.

Incidentally, this banquet was declared to have created a better feeling of unity than has ever before existed among our members.

Then following an investigation of the Lower street matter, revealing the fact that this property was of no real utility to the city. We then inaugurated an educational campaign during which our committees secured the consent of the abutting property owners. There was considerable secret opposition to closing Lower street this opposition being based entirely on sentiment and prejudice. Our committees visited the members of the City Council and this together with the public sentiment aroused, gave us a complete victory at the council meeting passing the ordinance closing Lower street by a vote of ten to two.

Several citizens, tenaciously clinging to their opposition to this project, communicated with the War Department, charging this organization with hindering river transportation facilities. Accordingly, the War Department had their engineers to come here and make a complete report with a view to forbidding the improvement should the charge be true. Realizing the danger of Federal red tape your Secretary stayed with the engineers constantly during their investigation, assisting them in every way in securing correct and complete information. Consequently no further report of the matter was made by the District Engineer Officer.

Later, the Chamber of Commerce undertook to secure a change in the plans in order that the passenger station would sit directly in the center of Lower street instead of in the rear of the Kirk Apartments. In this we were also successful. Today the work of construction on the new passenger station and baggage stations is under way.

EXEMPTION CLAIMS

RUN HEAVY IN FIRST DAYS' EXAMINATION OF DRAFTED MEN AT GOVERNMENT BUILDING YESTERDAY — 9 OUT OF 11 ACCEPTED SEEK RE-LEASE.

Out of 18 men examined 7 are Physically Unfit—Dr. J. H. Samuel Appointed Re-examining Physician by Governor Stanley—Thirty More To Be Examined Today.

The Mason County Exemption Board started its grind in the basement of the Government Building yesterday morning at 8 o'clock and finished last night at 5, having examined 18 men out of the 20 who were ordered to report on the first day. The other two had left town and will be examined elsewhere.

Out of the 18 men examined yesterday only two men, or 11 per cent., passed the examination and did not claim exemption. Both of these were negroes. Of the 18 7 were rejected and out of the remaining 11 there were 9 who claimed exemption.

The Board was highly gratified that all the men who appeared for examination showed a fine spirit and there was not a single hitch during the whole day's work.

Late yesterday afternoon a telegram was received from Governor Stanley saying that Dr. J. H. Samuel had been appointed re-examining physician. All who failed to pass the physical examination yesterday will be re-examined by him today at the headquarters of the Board.

The Board made it known yesterday that those men who would not report for examination for over seven days after their cards were placed in the mail will not have to file claim for exemption until after they are examined. Quite a number were under the impression that claims for exemption would have to be filed before examination on account of the fact that within seven days after the cards are mailed.

Following is the record of the candidates examined yesterday:

Accepted—No Claim For Exemption
Charles Dixon, colored.
Thornton Breckenridge, colored.

Accepted—Claimed Exemption
Rector Savage Cordry, wife and two children.
Albert C. Savage, mother and farmer.

Charles W. McClanahan, enlisted.
Frank J. Seamon, farmer.
Samuel O. Grimes, dependent wife.
Louis D. Poyntz, colored, mother

Throughout the period of our occupation of our present quarters we have furnished space for exhibits of a public nature, by location organizations: Baby Week exhibit by the Health League, Red Cross Box Sale, Domestic Science exhibit by the Colored High School and many of a similar nature.

On Registration Day, June 5th, the Chamber of Commerce secured a band for the entire day and through committees of ladies at each place of registration presented each man who registered with a specially designed button.

Early in the year, the Automobile Bluebook people approached us with reference to the purchase of \$65.00 work of advertising space for Maysville in their automobile guide. Through negotiations with these people we have succeeded in securing gratis even more space than was previously offered at a cost of \$65.00.

BOY DESERTER RETURNED TO MILITARY CAMP BY FATHER

Several days ago a notice was received by the Police Department that Fred Tolle and a young fellow by the name of Kellum, both of this city, had deserted from the training camp in Louisville. Yesterday Mr. Gilbert Tolle of Forest avenue, father of Fred Tolle, brought the boy to Police headquarters and asked that he might be allowed to take his son back to Louisville. The request was granted and Mr. Tolle left with his son for Louisville yesterday afternoon on C. & O. train No. 3. The Kellum boy has not been located yet but the police officials of surrounding cities have been notified to be on the lookout for him.

LINEN "MADE IN AMERICA"

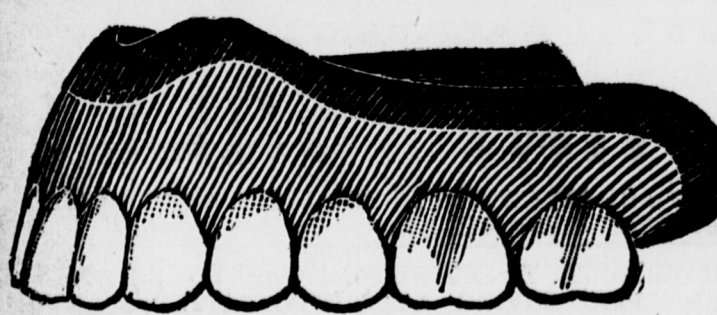

There is to be established at Portland, Oregon, the Pacific Coast Linen Mills, capitalized at \$250,000 for the purpose of manufacturing twines suitable for fish nets, etc., linen crash and toweling. It is expected that the company will turn out 5,000 to 6,000 yards of crash and toweling daily during its first year of operation. The entrepreneur is the president and general manager of the Flaxen Fibre Down Co., of North Tonawanda, N. Y., who has recently had a request for an immediate option upon the entire output of his New York plant covering a period at least two years in advance.

That indicates one of the opportunities which the war is affording. Just at present it is impossible for the supply of linen goods to keep up with the demand, so that manufacturers are sure of good profits during the period of the war, at least, and perhaps for a little while afterward while readjustment is in progress. Then will come the period now familiarly styled "the war after the war," when every country in Europe, and Japan and China will be playing all the old tricks and many new ones to command foreign markets. Then is the time that the Pacific Coast Linen Mills, and every other linen manufactory will demand a return to the Republican policy of protection to American industries. And the farmers of Oregon who sell to the mills their flax straw will be no less interested in the welfare of their purchasers.

The linen goods industry received a bad walloping from the Democrats when the tariff law of 1913 was framed. Every article in the schedule was reduced in duty, and the whole schedule was handled with blacksmith's tools. For instance, every textile man knows that the finer the lea or number entering into the yarn of which an article is fabricated, the more work is required in its composition. Flax gill netting, nets, etc., under the Republican law, not finer than 5 lea or number, paid a duty of 10 cents a pound and 20 per cent; finer than 5 lea or number 12 3-4 cents a pound and 20 per cent and for each additional lea or number 3-4 cents per pound. This was too much for the framers of the present law to grasp, so they slapped a general ad valorem rate of 25 per cent on the ten or dozen degrees of fineness. The twelve months following the passage of that bill, October 3, 1913, to September 30, 1914, the percentage increase in pounds of goods imported under this group was 1,750.

Part of the output of the Pacific Coast Linen Mills comes under this group today. It is a pretty safe bet that that company knows which party will look after its interests, and it is not the free-trade Democracy, or the tariff-for-revenue-only Democracy, but the Republican party stands for "America First."

Those who think the end of the war is near overlooked the fact that German newspaper editors still talk of indemnities from the allies—with rich Uncle Sam to pay the bill—as if collector will be as easy as rolling off a log.

BIG SHOW FOR WOMEN
PLANNED FOR STATE FAIR

One of the Most Creditable Exhibits
In the Entire Gigantic
Display.

Busy housewives and experts in arts and crafts are taking advantage of every moment in preparation for the showing to be made at the fifteenth annual Kentucky State Fair, to be held in Louisville the week of Sept. 10.

The Woman's department is naturally the most interesting portion of the State Fair to womankind and is likewise one of the most creditable exhibitions in the entire gigantic display.

The entry list for this department will close Aug. 27, and a "hurry up call" is issued by Kentucky State Fair Secretary Fount T. Kremer, Sult 604 Republic building, Louisville.

For catalogue or information address Fount T. Kremer, Secretary Kentucky State Fair, Sult 604 Republic Building, Louisville, Ky.

"THE HOUSE OF QUALITY"

There is more Catarrh in this section
of the country than all other diseases
put together, and for years it was sup-
posed to be incurable. Doctors prescribed
local remedies, and by constantly failing
to cure with local treatment, pronounced
it incurable. Catarrh is a local disease,
greatly influenced by constitutional
conditions and therefore requires constitu-
tional treatment. Hall's Catarrh Medi-

"DRY" EDITION OF "LIFE" NOW ISSUED

Huntington, W. Va., August 7.—It hardly sounds true, but it is.

A dry edition of Life, the well known periodical of wit and sense, has appeared in Huntington.

Not dry in the sense that the wit is of an ancient vintage, but dry in the sense that those luscious, tantalizing liquor ads have been deleted by the jagged teeth of the Reed amendment or bone-dry law. Of course a great many West Virginians, and Huntingtonians among the number, had been buying Life for many years before the state went dry, and have been since then, too. After the state went dry it seemed to some like those liquor ads, done in color, with pale green gin rickeys, ripe red cocktails, cherries and all, and sundry other bottled goods of more or less international repute, looked like life itself. Many could hardly lay a copy of Life aside without a sigh of regret, or a smack of anticipation (in case he or she were planning a trip to an oasis.)

But in these new editions of Life, now sold in West Virginia under the heading "dry-states edition" all these appetizing pictures have disappeared. In the place of one of them is a clean, white page, almost barren of legend. But on the clean white page are words which hint what might have been there, were the Reed amendment unacted.

The reason for the deleting of liquor ads from Life is that the bone-dry law provides heavy penalties for journals which send liquor advertisements into dry territory.

West Virginians who buy Life in other states must leave their copies on the train, in case they happened to buy a wet edition.

CHAMBERS OF COMMERCE IN RIVER CITIES WILL BE MET BY RIVER ADVOCATE

Washington, August 6.—Increased use of inland waterways to carry war traffic was advocated by Secretary Redfield today in a statement announcing that Walter Parker, secretary of the New Orleans association

of commerce, had started a tour of the lower Mississippi, Kentucky and Ohio rivers to, stir up interest in river freight transportation. He is a special assistant to the secretary in this work.

"Cities and towns on waterways," said Secretary Redfield, "ought in their own interest take steps to encourage water transit and to extemporize, if need be, means for bringing it quickly into service. Public bodies like chambers of commerce and boards of trade should take the matter up actively where conditions make it possible to do so, and give their support to the men who endeavor to develop transportation by water on a temporary or permanent basis."

"It is encouraging to note the proposed formation of companies to conduct transportation on the Mississippi River. Such organizations today do a most patriotic and most helpful service. They should be helped forward wherever they may be started in every reasonable way."

HOLSTEINS PROMINENT AT KENTUCKY STATE FAIR

Prize Money Doubled for the "Stars of the Show."

Holsteins will be one of the most prominent classes in the beef cattle department of the coming Kentucky State Fair, to be held in Louisville the week of Sept. 10. The prize list for this breed of efficient dairy performers has been doubled and now represents the interesting sum of \$800.

All of the classes throughout the beef cattle department have been largely increased, but the Holstein aggregation bids fair to be the "stars of the show." A model dairy in operation is promised as an adjunct to the dairy cattle exhibition, and there will be new features of scientific dairy management marking the cattle exhibit of the fifteenth annual State Fair.

For catalogue or information address Fount T. Kremer, Secretary Kentucky State Fair, Sult 004 Republic Building, Louisville, Ky.

ABOUT MARRIAGE BUREAUS

Paris Man Courted Negro Cook in Family of Maysville Man, Says the Bourbon News.

Perhaps some Paris people will be interested in knowing that the "matrimonial bureaus" of the country have finally been called to the attention of the United States secret service department, for we dare say there are some people in this city, some few of them, guilty at one time or another, of corresponding through a "matrimonial bureau."

In every town in the country there is a class of citizenship whose time is not so fully occupied with sensible things but that they find a few hours each week for carrying on a silly correspondence with someone they have never seen, and of whom they know absolutely nothing. For a few dimes they secure these names from the "matrimonial bureau," always managed by a bunch of sharks who wax rich at the expense of the lovers and the really gullible. But now Uncle Sam has taken a hand.

He did so after discovering that a number of the "bureau" are selling to such women as desire "gentlemen correspondents" the names of convicts in the State penitentiaries. Recent investigations show that scores of women throughout the country are now carrying on ardent love-making by mail with prison birds. The writer knows personally of one Paris man who engaged in a correspondence with a "Mason county girl" only to find in the end that the "girl" was a negro cook in the family of a Maysville man. Har!

The "matrimonial bureau" may be innocent enough, but these revelations, vouchered for by the secret service men are enough to warrant their abolishment. This can easily and quickly be accomplished by refusing them the use of the United States mails. We do not believe there is a lovesick girl in Paris, be she honorable and all that she claims to be in her "matrimonial ad," but who could find just as good a "soul mate" right here at home as any

A WORD WITH WOMEN

Valuable Advice for Maysville Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and kidney disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed—Read this Maysville woman's convincing statement:

Miss Dora Edgington, Wood St., Maysville, says: "I have used Doan's Kidney Pills and from the results received, I have every reason to recommend them. At times, my kidneys have become weak and have been irregular in action. My back has ached, too, and has been very weak and lame across my kidneys. When ever I have used Doan's Kidney Pills for this trouble, they have never failed to relieve the complaint in a short time. I gladly advise anyone to get a box of Doan's Kidney Pills at Chanslor's Drug Store, if troubled in that way."

Miss Edgington is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Miss Edgington had—the remedy backed by home testimony. 60c all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

"matrimonial bureau" could find for her. And if there is a man in Bourbon county so ostracized as to have to resort to one of these bureaus for someone to "court" he ought to move into a neighborhood where he isn't so well known.—Bourbon News.

NAVAL RESERVE TRAINING FORCES, IN TEN THOUSAND, GAIN 75 TONS IN MONTH

Great Lakes, Ill., August 6.—Ten thousand bluejackets at the United States naval training station here weigh an aggregate of 75 tons more than they did one month ago. A record of the physical condition of the enlisted men, completed today, shows that each has gained an average of 15 pounds in weight. The general health of the men were pronounced excellent by the naval examining physicians, who said the regularity of naval life, the required daily baths and exercise, and removal from the temptations of civil life have benefitted every man.

CHAMBER OF COMMERCE

(Continued from first page.)

Two failures have marked our past six months. One, the removal of the Gibson Garment Company and the other, our attempt to change the route of the Midland Trail. The latter, however, was a herculean task and although we failed to bring this road through Maysville our efforts were the means of securing favorable publicity for the city.

THE INEFFICIENCY OF OUR SYSTEM OF RURAL DELIVERIES created a condition which is being successfully met by the Chamber of Commerce. Through our Trade Extension Division, the merchants and auto drivers were brought together and a systematic basis to the benefit of the merchants, customers and bus drivers. Today this system, which now started, is proving a great convenience to all concerned. Packages and customers using the auto lines for transportation can leave promptly and every package leaving the station bears TRADE-IN MAYSVILLE advertisements.

Of the possibilities of this plan in actual money to our local merchants, too much cannot be said. The plan is now only in its infancy and deserves much attention and development. Aside from filling a local need it appears that Maysville is a pioneer in this field and our system has been the subject of national comment in commercial organization field. The McKend Service Company regarded our system so highly that they have sent an outline of the Maysville Plan to every Chamber of Commerce in the United States.

In addition to the work which I have just outlined, the organization has constantly endeavored to mould public sentiment along the best lines of civic thought to the benefit of the town. In this connection the corporation of the local newspapers has been invaluable, they publishing over two hundred news stories written in this office in the last six months.

With an eye always to the best interest of the organization your Secretary secured interviews for the directors with all of the applicants considered, without one cent of expense to the Chamber of Commerce aside from automobile hire in showing each applicant over the city.

During the period of my administration attention has been given wholly to accomplishing concrete results. In this, according to my plan, was to have been based a campaign for additional members this summer. The work now accomplished gives most favorable light to such a campaign.

which I believe will prove highly satisfactory.

From the statement of members and citizens generally it is certain that the Chamber of Commerce has constantly increased in importance as a factor in the development of the city, and it has today a better place than ever in the estimation of the general public.

Personally, I wish to express my deep appreciation of the cordial relations which have existed between the Board of Directors and the Secretary-Manager.

It is my sincere belief that Maysville has a great future before it and it is my regret that this is the last report which I shall make as Secretary-Manager of the organization which I believe will play an even more important part in the future prosperity of your city.

Respectfully
(Signed) HARRY C. GRIMSLEY,
Secretary and Manager

IMPORTANT NOTICE

At the recent special session of the Legislature of Kentucky a law was passed levying a tax of one-tenth of one per cent on the individual deposits of banks and providing that the bank may charge the tax to the depositors.

We take this means of notifying the public that

This Bank Will Pay This Tax for Its Depositors

out of its own funds and therefore all money deposited in this bank will be free from all State, County and City Taxes.

Your money in this bank, on and after September 1, 1917, will be tax free, but will be subject to a tax of 40 cents on each \$100, if you keep it at home.

We will continue to pay interest at the rate of 3 Per Cent, in our Savings Department.
